If the dates suffer changes, you must inform the UNL Team until **30 days before the end of the mobility period (SMS only)**. These changes may result in a mobility reduction or extension. Thus, be aware that **adjustments to the total scholarship may occur**. Also remember that you will just receive the maximum mobility period you have been selected for.

1.1 SMS – Student Mobility for Studies:

It refers to undergraduate, master and doctorate students. Each Participant should present his own **Learning Agreement**, a study plan that details which courses/field of research is intended to be covered during the mobility period. if the home/host institutions agrees, after a scrupulous check of the courses, the number of ECTS can be slightly higher or lower.

Any changes to the initial proposed plan of studies, must be done within 30 days of calendar upon the arrival. This document must respect the same requirements as the previous Learning Agreement.

2 Before arrival

To properly prepare your mobility, it is mandatory:

- To send the confirmation of acceptance by email to UNL Team;
- To define the mobility dates alongside the host and home institutions;
- To request the emission of the Acceptance Letter from the host Institution;
- To update your personal data and travel information: provide a copy of visa, passports and personal data;

- To contact the mobility coordinators at the home/host institution to discuss and sign the Learning Agreement / Mobility Agreement;
- To submit the mobility survey about the application process for the coordination (UNL Team)

VISA PROCESS

The requirement of Visa is a high priority issue since the process may take several weeks or months to be concluded. Immediately after receiving the confirmation of the selection, you should contact the Consulate or Embassy of the host country to request information about all the needed documents. In order to obtain the Visa, you will need the Letter of Award, the insurance policy and the Acceptance Letter.

3 During the mobility period

Once arrived at the destination country, you should have the first meeting with the contact person of your host institution. You will be provided with the following information:

- How to open a bank account and tax registration number/VAT number of the host country, if applicable;
- Registration procedures at the local authorities;
- Student facilities and registration at the host institution;
- You should also submit and send the survey for feedback to the Coordination, upon request;
- Any other important information at this stage;
- Changes to the dates of mobility period, if applicable (SMS only).

You will have to ask to your host university to sign the **Certificate of Arrival** and **2 copies** of the **Scholarship Contract**. At this stage, you should also register to courses at the host institution and check if there is **any needed change in your Learning Agreement** and, if it is the case, you should ask for new approval and signatures. **Do not forget to send back the survey for feedback to the Coordination.**

No tuition fees can be applied by the host institution on the scholarship holder, in any case.

Don't forget that the entire mobility period must be uninterruptedly spent at the host institution. Some exceptions may be allowed by the host institution as long as they receive the formal and written approval by the coordinating institution.

Remember, you will never receive a bigger scholarship than the one you have been selected to. This means that if you want to stay longer in the host institution, you will have to pay for the rest of your stay by yourself. You will just receive the maximum of the scholarship you have been selected to.

4 By the end of the mobility period

If you have attended courses at the host institution, a **Transcript of Records** with your grades will be provided. In case you have been enrolled in research/teaching/training activities, your supervisor will provide you a **Report of the Activities**. The disciplines executed during the mobility period, when included in the learning agreement, shall be recognized since the participant proves the evidences through the transcript of records issued by the host institution.

The **Transcript of Records** must be sent via email by the contact person of the host institution to the International Relations Office of the home institution to ensure that your mobility file is completed. Also, an original version must be given to the holder as well as the Certificate of Attendance, with the dates of the days of mobility.

Once the student has returned to his Home Institution, he must collect a **certificate** issued by the Home institution with the **number of the recognized credits or equivalent units**, must be sent via e-mail to the UNL Team.

The mobility dates within the **Certificate of Attendance** must be in line with the ones established in the contract. **Not fulfilling the total time foreseen in the contract**, the UNL Team may ask for a **reimbursement equivalent to the corresponding period of absence**.

The participant in **mobility for studies** shall receive an invitation to complete the **online EU Survey 30 days before the end of the mobility period**. The participant shall complete and submit the survey within **5 days upon receipt of the invitation**.

The participant in **mobility for teaching/training** shall complete and submit the **online EU Survey after the mobility abroad within 30 calendar** days upon receipt of the invitation to complete it.

Participants who fail to complete and submit the online EU Survey may be required to partially or fully reimburse the financial support received.

A complementary online survey may be sent to the participant, after the end of the mobility, allowing for full reporting on recognition issues.

Your opinion is very important to spread and to improve the mobility experience. It would be very useful if you will be available to attend the preparatory meeting for next students participating into the future project mobility at your home institution. Another survey, after 12 months of the end of your mobility period, will be sent to check how useful the mobility experience was.
